## FORWORD

First, I would like to thank all my friends and customers for their continued patronage, and wish you even more successes in 1953 than you enjoyed last Season.

What a short year! Here we are again, with the many beautiful Glad Shows and blooms, now a matter of history, and our thoughts turn to the purchase of a few different varieties to make it a little tougher for our Show competitors in 1953. What blooms we had last year! Even despite a 34 day drought, the bulbs we dug were tremendous. Bulblets and planting stock also made heavy growth.

Again we exhibited at the Rhode Island Gladiolus Society Annual Show at Rhodes-on-the-Pawtuxet Annex, Cranston, and met many of our flower friends there. By all means, visit these Shows, and witness the hundreds of Arrangements on display, many of which you could construct, and use on your own tables during the Summer and Fall. The Show is *free* and you will find it an hour well spent. It is one of the outstanding Shows in the East.

The following varieties again won more than their share of Blue Ribbons in 1952 - - AUREOLE, ATOM, BOUTON D'OR, BURMA, CHAMOUNY, CONN. YANKEE, CORONA, DAISY MAE, EVANGELINE, FLORENCE NIGHTINGALE, GOLD, KING DAVID, LEADING LADY, MANSOER, MORNING KISS, ORANGE GOLD, PACTOLUS, PATROL, PHAROAH, PICARDY, RAVEL, RED CHARM, RED WING REGAL RED, SALMONS GLORY, SPIC & SPAN, SUNSPOT, TIVOLI, WHITE GODDESS, WORLDBEATER, BO-PEEP.

A great many people visited my fields last Summer, and to those who came when I was absent, I apologize. Try me again in August 1953, when the Glads, Dahlias, and Seedlings will be at their height.

## TERMS OF SALE

Please accompany bulb order with check, or money-order.

Due to mailing costs, no order less than \$3.00 please.

Retail orders prepaid. Wholesale orders sent F. O. B. Peacedale.

All stock guaranteed true to name, and dusted with D. D. T. & Arasan.

5 or more bulbs at the 10 rate - 25 or more at the 100 rate.

Where varieties are priced singly, 10 may be purchased at 8 times the single price.

Planting and growing instructions mailed with order.

Our first planting is made about April 15. Please place your order before this date, as some stocks will be depleted thereafter.

The first three figures following the variety name tells you the floret size of this variety. The next two figures tell you the approximate number of days required from planting time, until the bloom appears. As for instance the variety "GOLD". 412 - 80. It is in the 400 Class, which means it has florets which measure somewhere within a 4 1/2 to 5 3/8 inch range. It requires something like 80 days to bring it into bloom, from planting time.

## FLORET SIZES:-

200	-	Florets 2 1/2 to 3 1/4 inches
300	-	Florets 3 1/4 to 4 3/8 inches
400	-	Florets 4 1/2 to 5 3/8 inches
500	-	Florets 5 1/5 inches and larger

## GENERAL LIST

The following varieties have won, and will continue to win, many Blue Ribbons. Added to this, they are all top-flight commercials for Florists and roadside stands. They are now down in price, and I have grouped them below for your convenience as follows:-

## G O L D 412 - 80

Marshall 1951 (Orange Gold x Yellow Seedling)

A heavily ruffled, deep yellow color break that we have been waiting for! A Seedling of Orange Gold, and it's counterpart in every respect, except it's gorgeous deep yellow color and ruffling. Makes large clean bulbs, and bulblets, and a husky, tall spike,, which blooms to the tip without losing it's color density, and when down in price, will be grown by the million commercially! Will not always sweep it's Class at a Show, because it only produces 14-17 buds. A beautiful, easy grower, and an outstanding seed producer for hybridizers looking for ruffled, deep yellow Seedlings.

NET - Large \$1.00 Medium 1-75 Small 1-50 Bulblets 10 \$1.00

## RETAIL LIST
